

Nicola Renouf

Qualification:

Dip Teaching, Wellington, Kindergarten Teachers Diploma, Wellington, Cert Language Teaching, AUT

About Nicola Renouf

I am a lecturer in the early childhood department.

I have been involved in early childhood education field since I left school.

After completing my diploma, I taught at several kindergartens before travelling overseas for 3 years. During this time I worked as a nanny in the USA.

After having my own 3 children I became involved in adult education and completed a certificate in language teaching.

I have been at ICL for since 2006. I really enjoy my work as it combines my interest and expertise in early childhood with English teaching.

I enjoy getting to know the students, and especially enjoy visiting them on practicum in centres, seeing them use the skills they have learnt in class.

In my spare time I am busy with my family, going to the gym, running, gardening and when I get time reading.
