Subhan Ali

Qualification:

MMath, New South Wales; BSc (Hons), Wollongong; Grad Diploma in Further Education, University of Southern Queensland

About Mr. Subhan Ali:

Subhan is involved in teaching mathematics, statistics and computing at ICL. He previously worked at Wollongong College and Raffles Institute in Auckland, as well as at the Central Queensland University's Fiji Campus and the University of the South Pacific in Suva, Fiji. His current research interests are in the development of interactive online learning resources in mathematics, statistics and computing.
